

2010-2011

COMPETITION CATEGORIES

May 2010

Each member may submit 3 prints and 3 slides for each category as per schedule below. Entries can be colour or black and white for both Regional and Club. Regional entries have to be photographed within the last five years. Check the G.B.A.C.C. guidelines carefully on the Midland District camera club website regarding Regional entries. Please ask if you have questions. The idea is to have fun and keep expenses down, while out enjoying a great pastime. Club entries should have been taken within the year, starting from January 2010. A larger photograph for Regional competition has found to have greater impact.
